Denton Corner Construction Update

Mount Road, Avis Road, Seaford Road

6 November 2026

Recent progress

This week, drainage installations have been carried out on the Mount Road bus loop, along with construction of the new cycle path in the area.

What's happening next week

Drainage works will continue with the aim of completion before the weekend.

Resurfacing of the main A259 will begin, involving the removal of the current road surface and a new surface being installed. In addition, we'll be installing kerbing and edgings to the new footpath.

Traffic management in place and coming up

A reduced speed limit is currently in place on the A259 Seaford Road to help keep site staff safe.

From Monday 9 November, the A259 Seaford Road, Denton Corner Roundabout, new bus gate and Mount Road bus loop will be closed overnight, between 7pm and 6am, for the above resurfacing work. The road will reopen as usual on Monday 16 November 2026.

Brighton & Hove Buses will be providing a shuttle bus service during the road closure. Please check the Brighton & Hove Buses website for the latest information and details regarding the shuttle service.

A signed diversion route will be in place via the A26, A27, A2270 and A259. We appreciate understand the disruption this may cause, however this work has been carefully planned and risk assessed to make sure our teams can carry out the resurfacing safely.

Access to Sainsbury's will be maintained throughout the works, subject to the traffic management arrangements in place.
