

Station Approach Construction Update

Devonshire Road, Havelock Road, Cornwallis Terrace

25 September 2026

Recent progress

Paving has been completed from Station Approach along Devonshire Road towards the crossing outside Sainsbury's, including additional paving repairs in the same area. Pedestrian guard rails have also been installed on the corner of Station Approach and Devonshire Road, as well as next to the crossing outside Sainsbury's. New signage has also been installed to replace and refresh the previous signs.

A new linear drain has been installed beside the crossing point opposite The Seadog pub, replacing the damaged drain that had previously been made safe.

What's happening next week

The scheme has now been completed, with no further works planned.

Traffic management in place and coming up

All temporary traffic management is no longer in place, and the permanent crossings are now operational.
